Context: He was making channels for bestiality and child porn.

Context: He posted PPG porn and

used that as an excuse.

In addition, Logan has been known to joke about things with pornography of animated children, terrorists attacks such as 9/11, the death of someone's mother, and asinine and illogical use of the n word.

CONTEXT: Logan used Logomax's

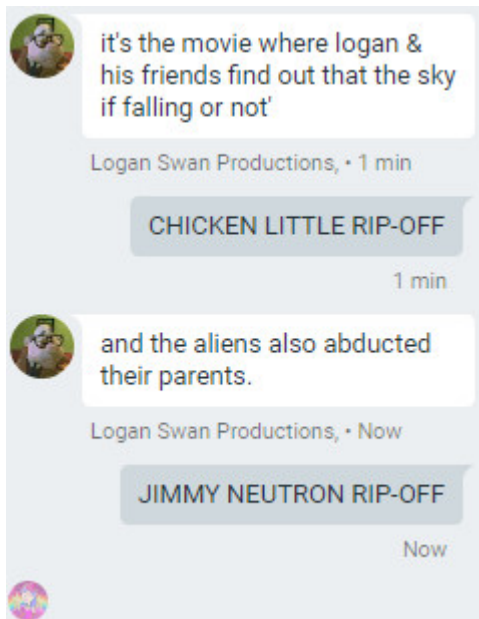

Benjamin Fiedler drawing and made a NSFW snot bubble version of it. Note that Benjamin Fiedler in canon was 13 years old.

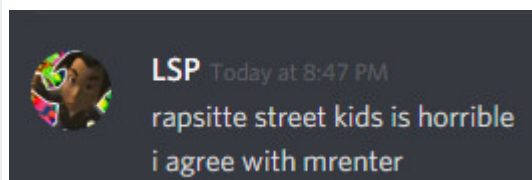

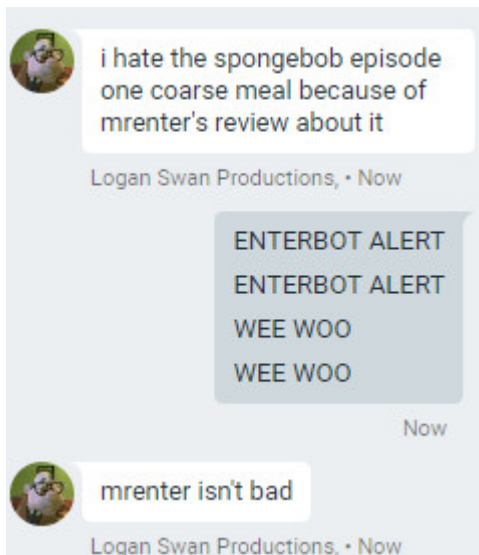

Logan literally defended a pedophile back in 2018. He hates Mitchy now, but too little too late.

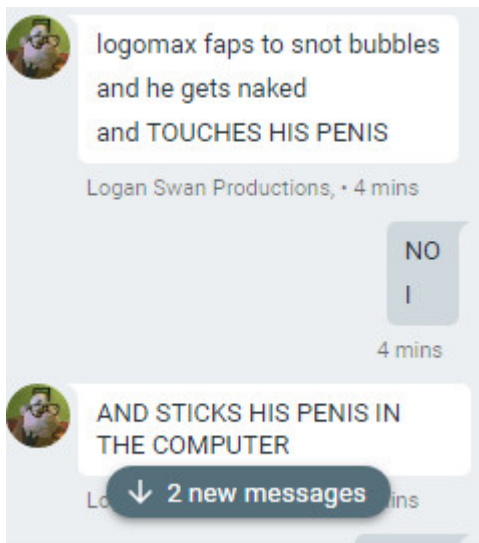

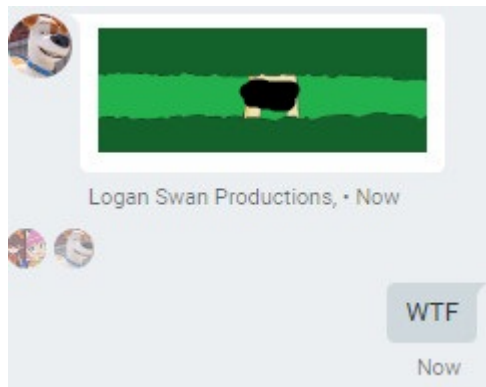

This proves that Logan has no originality whatsoever.

Both of these pics prove that Logan is an Enterbot.

CONTEXT: He copied the infamous Bart penis scene from The Simpsons Movie, which is disgusting to begin with.

Baby Lamb, whatever you do. Don't trust Toony. He has done bad things before like hating any religion that is not christianity, told a pedophile to lie to the cops, and attacked you on Twitter! Thanks to [@AllHailSunopo](#) for mentioning the bad stuff he did in my Discord server!

Sir Simon A. @BabyLamb5 · 6m ...

Do NOT get me involved in this bullshit. I want literally no part of it.

And I know very well he attacked me on Twitter, but he has since apologized to me for doing so and started supporting me.

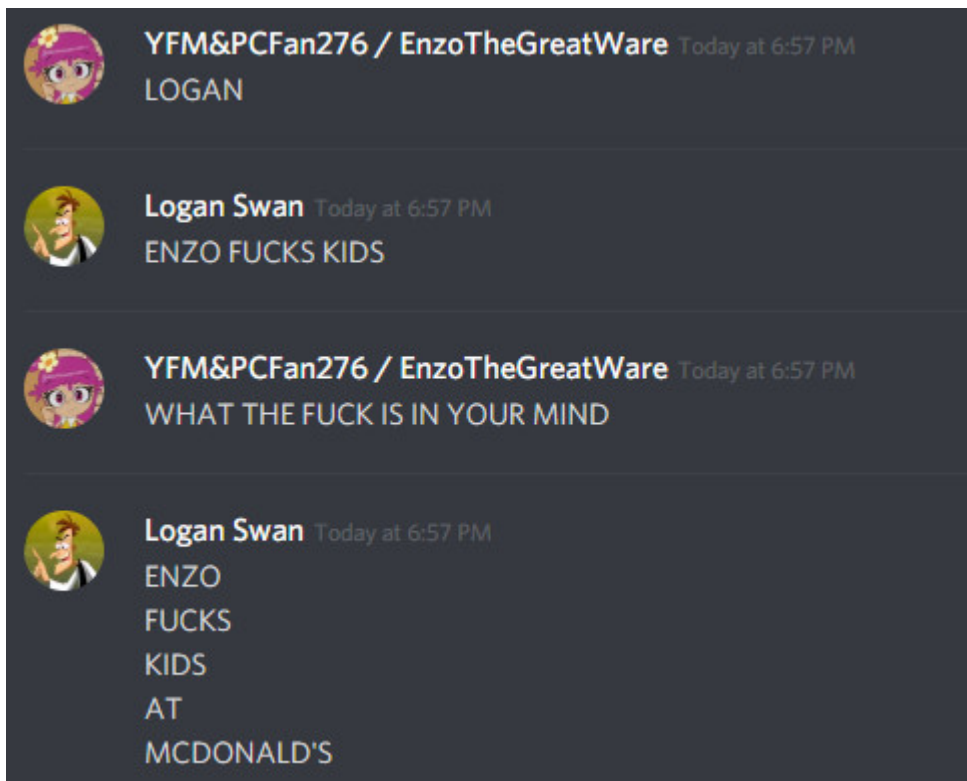

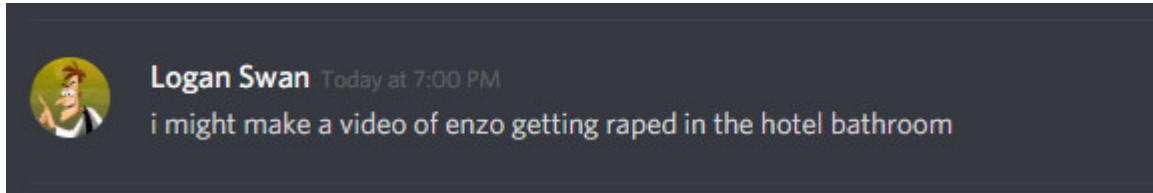

Engelbash The Epic Dude

Replying to [@BabyLamb5](#) [@RealYtp](#) and [@AllHailSunopo](#)

So you're supporting him? Yeah, I'm gonna block you. Bye.

Context: He's wishing death on Toony, and is forcing people to hate him, and he's bringing up Toony's past actions he regrets, besides, Toony is a minor.

Next up, we get to Engel making comments on how he wants users raped, and making comments out of users and putting them in sexual situations:

Context: Engelbash along with Frikin God want to harass a user named Jake the 2nd.

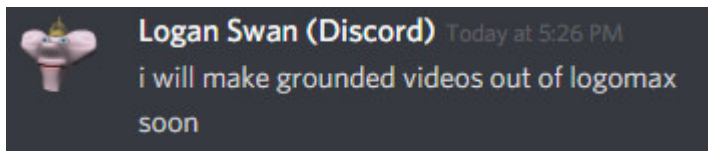

CONTEXT: Logan, under

the Geo Guy tulpa, used the K slur uncensored.

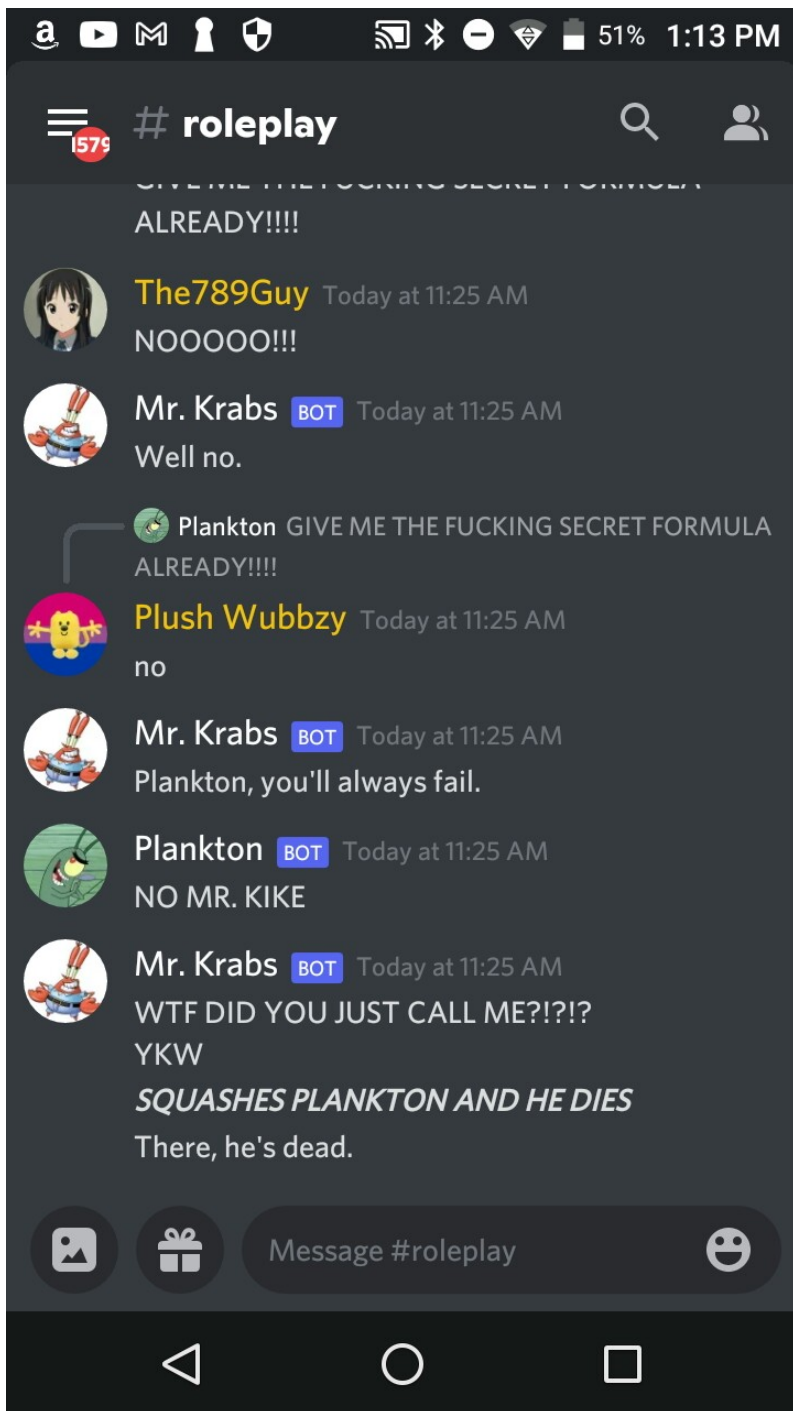

CONTEXT: Logan (along

with Lime and Chuck) makes a bullshit claim that “Sing Like Dick” is “offensive”.

Logan being a VyondBrat.

Also, what Logan Swan is doing is basically bullying, as he wanted to make a grounded video out of Logomax.

CONTEXT: Logan, as the

Plankton tulpa, has, yet again, used the K slur uncensored.

These three screenshots above caused Logan's server to get deleted in 6/23/2021

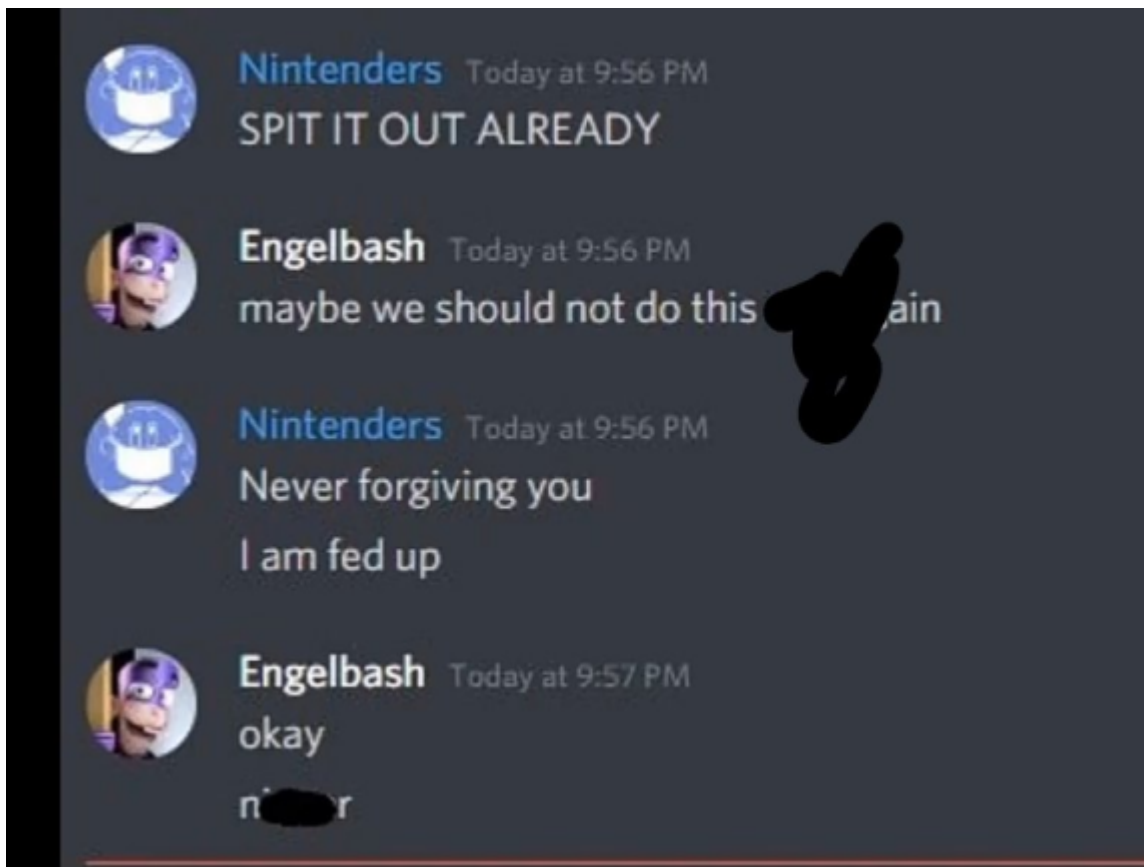

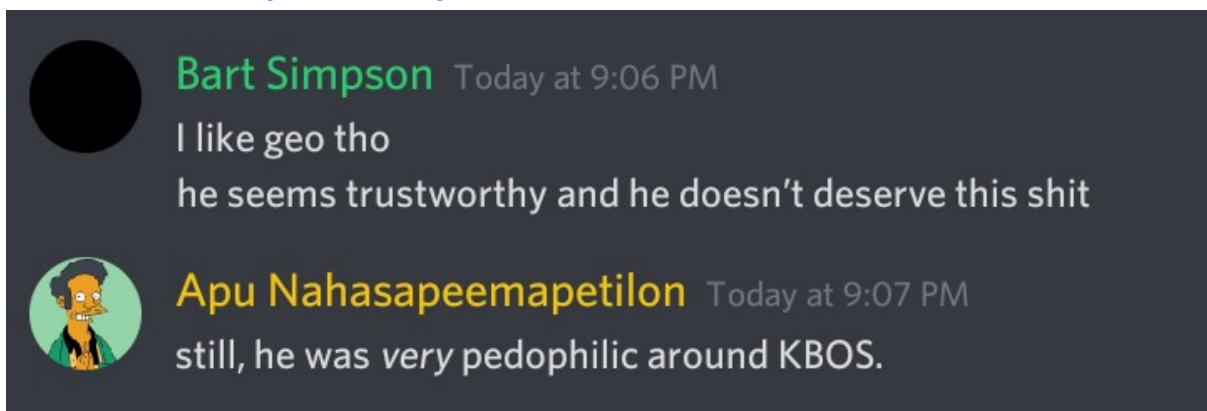

CONTEXT: Back in 6/13/2021, Logan got exposed for, under the MrJason tulpa, saying the N slur and doing 9/11 jokes, as well as doing shit with his admin powers, as well as pinging everyone, which caused his server to get deleted. The same day he made a new one (which, as mentioned before, got deleted in 6/23/2021) and he used his disability, yet again, as an excuse.

Here's Logan playing the victim card by blaming his MrJason tulpa for the server's closure, when it was actually Logan himself who did this shit the whole fucking time.

Now here comes Logan defending a pedo named Geoshea:

Logan Swan (Discord) Today at 1:57 AM

look, i'm gonna stop doing worthless and bad shit right now, i've had it being a pervert. it's fucking stupid, I REGRET FOR ALL OF THE BAD THINGS I SAID. NOT LYING. so before i go to bed. there is something i should tell you about. i'm fucking done doing bad shit now. i'm fucking done with it. i need to do better content, and i will. i need to be more mature, and i will. i won't be attention whoring either. i'm just sorry. the horrible things i done are just fucking bad. i will never do them again. i will never bullshit around with gary, be annoying to him, saying bad stuff to gods, and being a pervert, i'm fucking done. I'M JUST AM. I CAN'T BELIEVE I DID THESE BAD STUFF! UGH! - From, Logan Swan

He says he would stop doing bad stuff, yet many other images here say otherwise. Therefore, proving that he didn't keep his promise he would change, but the fact he posted CP makes him unforgiving. In addition, Logan goes on to mention all bad stuff he did in the past:

August 2016: i annoyed tylertristar2 and got hated
November 2016: i forced peps9072 to join the call and got hated
February 2017: i faked depression
June 2017: made enzo to kill himself
August 2017: faked suicide
September 2017: Made Chris Jones hate TylerTristar2
February 2018: Attention whoring
May 2018: Made an hate club out of Enzo
July 2018: Hated Gary for making fun of texas; said sexual stuff.
September 2018: Sented child porn and R34 and being a hypocrite.

Logan Swan Productions, • Now

This list shows that Logan had way too many chances

On that topic of August 2017, here's Logan faking suicide multiple times:

Just like Engel, he has a snot bubble fetish.

Speaking of snot bubbles, he even kissed Carl's snot bubble:

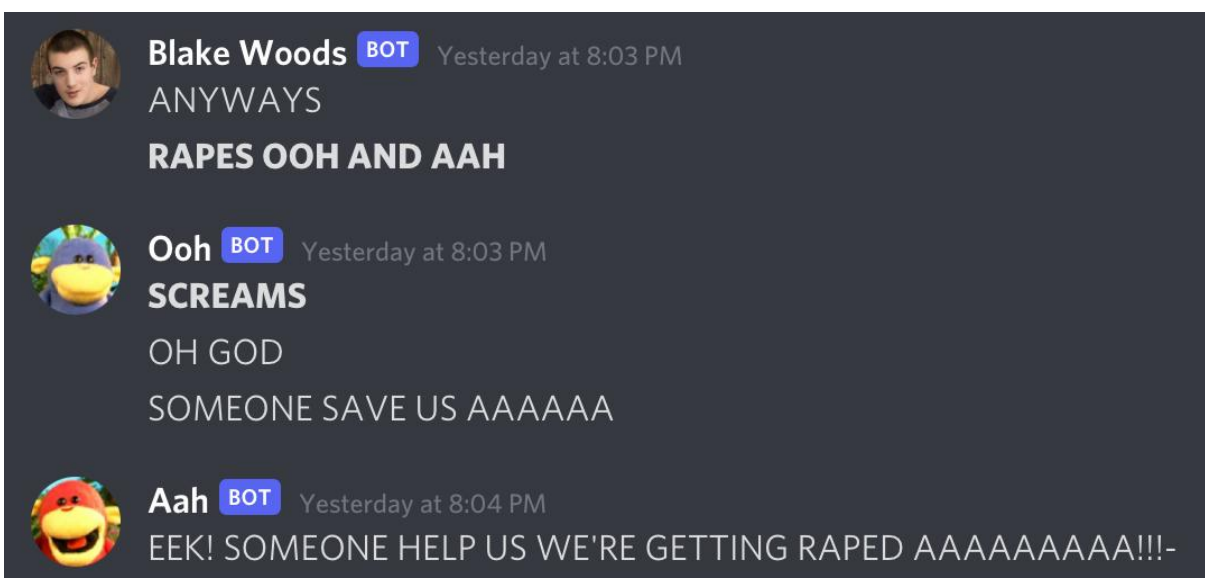

Context: He doesn't know waifuism but it's not the point. The point is, this is a 25 year old grown ass man who kisses elementary-aged plushes and treats him as his "wife". Also, he consistently spams about a potentially underage toy woman named Sarah Lynn (from Little People) as his wife. WHAT THE FUCK.

And then, he made JTL feel suicidal, and this is what JTL had to say about his experience with 789:

Kokichi Ouma Today at 8:01 PM

Even though I blocked him, it doesn't change the fact that not only did he make me actually contemplate committing suicide to not deal with it again, but he also made me contemplate deleting Discord, which has been the only thing that has been keeping me alive at this point. He's made me paranoid that EVERYONE is out to get me.

Tl;dr This ex friend has practically ruined my Discord experience, which had been positive up to that point, and he also ruined my life. (edited)

This is the last time I ever want to talk about this ex friend. I just wish to get justice for this.

For the love of everything that is holy, Please don't harass him, he's not worth the effort. (edited)

That was the final straw for 789.
